**DETAILED ACTION**

***Allowable Subject Matter***

Claims 29-49 are allowed.

***Response to Arguments***

Applicant's arguments with respect to claim 50 have been considered but are moot in view of the new ground(s) of rejection.

***Claim Rejections - 35 USC § 112***

Claim 50 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. This claim states that the groove is on the outer surface and extends towards the inner surface in lines 4-6, and then states in lines 6-7 that the groove can intersect the inner surface; clarification is required.

***Claim Rejections - 35 USC § 102***

Claim 50 is rejected under 35 U.S.C. 102(b) as being anticipated by Kirsten. Figure 3 shows a band 3 with grooves that reads on the claimed subject matter. Note that any band can generally be considered a wear resistant band to some degree.
